V. Reasoned statement under Rule 66.2(a)(ii) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1. STATEMENT

Novelty (N)

Claims 1-31 YESClaims NONE NO

Inventive Step (IS)

Claims 1-31 YESClaims NONE NO

Industrial Applicability (IA)

Claims 1-31 YESClaims NONE NO

2. CITATIONS AND EXPLANATIONS

Claims 1-31 meet the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest the dispensing container, or a blank for forming the dispensing container as claimed, including the tubular body with a decreasing internal cross-sectional area from an upper portion of the bottom region to the lower portion of the bottom region, closure structure proximate an upper opening, hanging support structure, and nozzle receiving structure in the bottom region.

Claims 1-31 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed can be made or used in industry.
